This document has been provided as a courtesy by Sony Pictures Imageworks' Canadian Immigration Counsel. The information included reflects that which is in effect at the time and is subject to change by Immigration, Refugees and Citizenship Canada. As each individual's situation can be different, we recommend that an individual seek personal counsel by an immigration expert to confirm eligibility and/or advise if they need additional authorization/documentation to travel to and/or work in Canada.

We cannot advise on obtaining permits.

Student Work Abroad Program (SWAP) is a youth mobility program that allows **US citizens**, who are between **18 – 35 years old**, to apply through SWAP for a preliminary acceptance to the International Experience Canada (IEC) program. US citizens must first complete an application through one of the following SWAP partners:

- FROSCHE Travel: <https://www.froschstudenttravel.com/studentyouth-work-abroad/>
- International Exchange of North America (IENA): <http://www.iena.org/?site=Work-in-Canada-Program>
- Interexchange: <https://www.interexchange.org/travel-abroad/work-travel-canada/>
- BUNAC USA: www.bunac.org/usa

Depending on the SWAP partner that you choose, the applications forms will need to be completed manually or online.

Please review the requirements of the SWAP partner that you choose and review the application costs/fees that are payable to the SWAP partner for inclusion in the SWAP program.

All applications to SWAP also require proof of savings of \$2500 (bank account statement) and travel medical insurance (please refer to websites of the SWAP partners for a full list of the required documents).

The IEC is a multistep process. Once accepted by SWAP, applicants must submit an online profile into a pool of candidates with Citizenship, Refugees and Immigration Canada ("IRCC"). From the pool of candidates, individuals will be periodically selected and be sent an Invitation To Apply ("ITA"). It is only after receiving an ITA that an individual may submit an application for a work permit to IRCC. However, it is our understanding that having an approval from SWAP should provide for an ITA from IRCC fairly soon after the applicant sets up their online profile.

Step 1: COME TO CANADA WIZARD

The first step to obtaining a work permit under this category is to complete the Come to Canada questionnaire: <https://www.canada.ca/en/immigration-refugees-citizenship/services/come-canada-tool.html> which includes the following series of questions:

3. What is the country of your passport? – **USA**

8. Select the name of the organization helping you plan your trip or find work in Canada. – **SWAP Working Holidays**

Click Continue – the system will provide you with a **Personal Reference Number (listed under Step 5) – please copy this Personal Reference Number as you will need for the next step.** Click on "Register to get a Key" under Step 3.

MyCIC GCKey requires that an applicant select a username and password as well as set up a series of security questions for his/her account, in order to retrieve login details. Click "Continue to GC Key" and "Sign Up" to set up an account.
